

Flash Duplicators

USB, SD & CF

Edge10's range of duplication systems make copying any form of digital media affordable, fast, effective and reliable.

The EdgeDupe is a standalone device which enables users to have multiple copies of their CD, Blu-Ray DVD, USB stick, CF or SD Card in a matter of minutes with no PC required. The EdgeDupe is a professional grade duplicating unit, which combined with high quality optical drives, makes it the smart solution for anyone wanting fast copies of digital media. Vertical markets include: musicians, television and radio stations, software companies, schools and universities, medics and photographers.
